**RE: Freedom of Information Act 2000 Request**

I write in response to your Freedom of Information Act 2000 (or 'FoIA 2000') request dated 13<sup>th</sup> November 2020 in which you requested:

- Anonymous details of monies earned by Non Service Associates from 01012018 until the current date. For example person 1 earned - £, person 2 earned £ etc.

When a request for information is made under FoIA 2000, a public authority has a general duty under section 1(1) of the Act to inform an applicant whether the requested information is held. There is then a general obligation to communicate that information to the applicant. If a public authority decides that the information should not be disclosed because an exemption applies, it must, under section 17(1) cite the appropriate section or exemption of the Act and provide an explanation for relying upon it.

It is important to note that a freedom of information request is not a private transaction. Both the request itself and any information disclosed are considered suitable for open publication, that is, once access to information is granted to one person under the legislation, it is then considered public information and must be communicated to any individual should a request be received. In light of this, our responses and disclosures are published on our external website at a later date.

**Decision**

After conducting careful searches for any information relevant to your request I can confirm that there is information held. The accompanying spreadsheet shows anonymised data for the 1312 associates engaged by the College over the period from January 2018 to November

2020. Service associates are excluded. Associates, examiners, and Subject Matter Experts are all included as we are unable to differentiate between these in our data.

Your rights are provided in **Appendix B**.

Yours sincerely,
